

New Glow Pack by AKVIS: Brighten Up Your Holiday Season!

December 15, 2020 – AKVIS announces the release of the new Glow Pack. The new frame collection contains 110 high-quality templates created specially for lovers of everything sparkly and bling. Along with the new set, now AKVIS offers 67 themed frame packs.

On the eve of winter holidays, AKVIS launches the new [Glow Pack](#) that includes 110 picture frames of excellent quality, 55 horizontal and 55 vertical bright and vibrant templates, designed by professional illustrators.

The [Glow Pack](#) by AKVIS is created specially for lovers of everything sparkly and bling! The picture frames are decorated with abstract flashes and soft bokeh lights, vintage-style and futuristic neon signs, shimmering stardust and magnificent planetary nebulae, dazzling fireworks and sparkling glitters, festive electric garlands and gently burning candles, magic fireflies and spectacular aurora lights.

These festive templates are a perfect framing idea for decorating holiday photos: making personalized e-cards, framing social media pictures or creating unique invitation designs for every occasion.

Now, there are 67 themed frame packs by AKVIS sorted by categories: [Hobbies & Interests](#), [Styles & Trends](#), [Holidays & Events](#), [Seasons](#), [Countries](#), and [Family](#). The new pack entered the [Styles & Trends](#) category.

Users can apply the AKVIS frame packs separately or all together to create the most complete and varied collection of memories: albums, photo books, calendars, custom printed mugs, etc.

The frame collections can be used with the [AKVIS Frames](#) freeware and [AKVIS ArtSuite](#) program, on Windows 7, 8, 8.1, 10 - 32/64-bit, and Mac OS X 10.10-10.11, macOS 10.12-11.0 - 64-bit.

The new product sells for \$17.00. All 67 frame packs are available in the bundle at a discounted price of \$380.00. For more information, visit akvis.com.

AKVIS (akvis.com) specializes in the development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products for Windows and Mac.
