AKVIS ArtWork 12.0 Photo to Painting Effects: Faster Than Ever!

November 14, 2019 – AKVIS announces the major update of AKVIS ArtWork, photo to painting software with a wide variety of artistic effects. Version 12.0 brings the accelerated effects, new tools, improved Batch Processing and Text features; provides compatibility with macOS Catalina and recently updated image editors; offers support for more RAW files, bug fixes, and better program stability.

[AKVIS ArtWork](#) makes it easy to perform digital art. The software perfectly imitates the most popular painting and drawing techniques: [Oil Painting](#), [Watercolor](#), [Gouache](#), [Comics](#), [Pen & Ink](#), [Linocut](#), [Pastel](#), and [Pointillism](#). The program turns a photo into a mind-blowing piece of art. Recreate the magic of the painting with AKVIS ArtWork!

[Version 12.0](#) presents increased image processing speed for the *Oil*, *Gouache*, *Comics*, and *Pastel* effects. You can now create your masterpieces easier and faster than ever.

The *Pen & Ink* style offers new post-processing tools for adding the finishing touches to your paintings. Besides, the recent version includes the enhanced *Batch Processing* option with the new file renaming feature, and the possibility to freely position the *Text/Watermark* in images. The new features foster greater creativity and inspiration.

Also, the update provides full compatibility with macOS Catalina (10.15) and with Adobe Photoshop 2020, Photoshop Elements 2020, Corel PaintShop Pro 2020 and Painter 2020; support for more RAW files, as well as some bug fixes, and stability improvements.
