

## AKVIS Watercolor 4.0: Now Three Times Faster!

February 26, 2019 – AKVIS announces the major update of AKVIS Watercolor, a creative photo-to-painting tool turns digital photos into amazing aquarelle paintings. Version 4.0 brings prodigious performance improvements by providing the three times faster processing time. Also, it offers the new Notification Panel, support for new RAW files, and some other improvements and bug fixes.

**AKVIS Watercolor** turns digital photos into amazing aquarelle artworks. The software is both easy-to-use and feature-rich. AKVIS Watercolor lets users experiment with different genres: from landscapes, seascapes and cityscapes to still lifes, portraiture, and surreal imaginings. In addition to the watercolor effect, the program allows imitating the canvas texture, adding a picture frame, watermark, or text and even creating the abstract art effect!

**Version 4.0** offers the accelerated processing algorithm that instantly turns digital photos into aquarelle works of art. The accelerated algorithm is *three times faster* than it was in version 3.0.

Also, the recent version provides the integrated *Notification Panel*, the separate *Publishing Module*, support for more RAW files, increased stability as well as some interface improvements and bug fixes.

[Download AKVIS Watercolor 4.0](#) and try all features of the software during the 10-day trial period.

The software runs on Windows 7, 8, 8.1, 10 - 32-bit, 64-bit; Mac OS X 10.11 and macOS 10.12-10.14 - 64-bit. The product is available as a standalone application and as a plugin filter for [AliveColors](#), Adobe Photoshop, Corel Photo-Paint, and [other image editors](#).

**AKVIS Watercolor**, Home license, sells for \$49. One license key allows activating and using the software on two computers. [Consult the official website](#) for more details about license types and prices of the software.

The update is free for users who bought Watercolor in the last 12 months. Users, whose license is older and is not valid for the new version, can get Watercolor 4.0 for only \$14.95.

**AKVIS** ([akvis.com](#)) specializes in the development of video & image processing software. Since the company's launch in 2004, it has released a number of successful products: standalone applications and Photoshop plugins for Windows and Mac.
