

Frames 3.0 & Happy Birthday Pack II: Cheerful Designs for Your Special Memories!

July 17, 2018 – AKVIS announces AKVIS Frames 3.0 and the second edition of the Happy Birthday frame pack, which includes 100 ready to use frames created by professional artists and decorated with festive elements.

AKVIS Frames is a free photo editing software intended for use with AKVIS frame packs.

Version 3.0 offers the *Notification Panel* that informs users about new frame packs releases, special offers, and software updates. Also, the recent version offers support for new RAW files, and bug fixes. [Download AKVIS Frames 3.0](#) and use it free of charge!

The brand new **Happy Birthday Pack II** perfectly complements the first pack edition. You can use both sets or choose one of them.

The set includes 50 horizontal and 50 vertical templates with something suitable for everyone: whether it's a newborn or an adult, your best friend or sweetheart. Use these picture frames to decorate your birthday party photos or create a stylish greeting card for someone special that will be a great accompaniment to a gift and make the birthday man or lady feel extra happy on their big day. Whether you are turning 6 or 60, these exclusive picture frames will make your photos stand out for years to come!
