

## AKVIS AIRBRUSH 5.0: NEW MULTICOLOR MODE AND SPRAY EFFECT

August 15, 2017 — AKVIS announces the release of AKVIS AirBrush 5.0, powerful software for transforming digital photos into airbrushed works of art. Version 5.0 offers the new Multicolor mode that allows users to choose five colors for creating mesmerizing airbrush paintings. Also, the new Spray parameter group has been added.

**AKVIS AirBrush** turns digital images into expressive airbrush paintings. Thanks to the high level of detail and the full range of tonal values, the airbrush technique is a great choice for almost any photo. The software helps you to create outstanding pictures, personalized cards and invitations, design a comic-style poster or imitate a liquid art effect.

**Version 5.0** offers 3 modes: **Original Colors**, **Monochrome**, and **Multicolor**.

The brand new **Multicolor** mode allows creating impressive airbrush paintings using five colors corresponding to highlights, midtones, and shadows.

The *Noise* parameter has been enhanced. The program now offers the new **Spray** parameter group with the following settings: *Intensity*, *Smoothing*, and *Angle*.

Added a number of ready-to-use presets designed by professional artists.

The new *Gray* interface theme has been added. The *Dark* and *Light* themes have been improved to be even more user-friendly.

Also, some minor bugs have been fixed.

**Download AKVIS AirBrush 5.0.** The trial version is free and fully functional for 10 days.

The software runs on Windows XP, Vista, 7, 8, 8.1, 10; and on Mac OS X 10.7-10.11 and macOS 10.12. The product is available as a standalone application and as a plugin to photo editors: AliveColors by AKVIS, Adobe Photoshop, and others.

**AKVIS AirBrush 5.0** Home sells for \$49, Deluxe for \$69, Business for \$89. One license key allows activating and using the software on two computers.

It is a free upgrade for recent buyers as well for those who bought 1 Year of Updates during the last 12 months! Users, whose license is not valid for the new version, can get AirBrush 5.0 for only \$14.95.

**AKVIS** (<http://akvis.com>) specializes in development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products: standalone applications and Photoshop plugins for Windows and Mac.
