

AKVIS ArtSuite 17.5: Give an Artistic Touch to Your Photos!

August 20, 2020 – AKVIS announces the update of AKVIS ArtSuite, photo editing software for Windows and Mac with a collection of visual effects and frames for photographs. Version 17.5 brings enhanced Batch Processing, 20 new templates in Hand Painted Frame, support for more RAW formats, and other changes.

[AKVIS ArtSuite](#) offers infinite creative possibilities for any photography lover. The software includes an inspirational set of breathtaking [effects](#) and [frames](#) to decorate pictures. It is possible to embellish photos with frames, add a passe-partout or a page curl, imitate a canvas texture, adjust tones, create black and white or sepia images, apply a color stripes effect, and much more. Each effect is fully customizable and is extremely easy-to-use. Add a little bit of magic to pictures before you post them!

[Version 17.5](#) offers enhanced subfolders processing in Batch mode. The Batch Processing feature allows users to automatically convert a series of images with the same effect settings, which is useful when creating many illustrations at the similar style.

The recent version offers 20 new picture frames in the Default Pack in Hand Painted Frame. It's possible to extend frame collection even further by adding extra theme packs. Also, the update provides support for more RAW files, bug fixes, and stability and compatibility improvements.
