

AKVIS DECORATOR 6.0: YOU'VE NEVER SEEN YOUR PHOTOS LIKE THIS!

February 12, 2018 — AKVIS announces the major update of AKVIS Decorator, the smart resurfacing and recoloring tool. Version 6.0 offers new tools, the selection saving feature, full compatibility with Photoshop CC 2018, a number of interface improvements, etc. Also, it is now possible to apply different textures to the same image.

AKVIS Decorator allows one to alter the surface of any objects such as clothes, furniture, buildings, cars, walls, etc. The built-in library offers more than 1800 textures to suit most needs. Making the new pattern look absolutely natural, the intelligent resurfacing technique is perfectly suitable for any kind of design-related projects: from professional interior design concepts and architecture visualizations to web graphics and fashion illustrations. AKVIS Decorator is a great tool for both professionals and amateurs!

Version 6.0 provides new user-friendly tools: *Quick Selection, Rectangular Selection, Elliptical Selection, Lasso, Polygonal Lasso, and History Brush.*

Now it is possible to apply different textures to the same image without having to save the intermediate result.

Also, the new version offers the selection saving feature, provides full compatibility with Photoshop CC 2018, includes various interface improvements, support for RAW files, and other changes.
