

AKVIS Retoucher AI 13.0: Experience the power of AI-driven restoration!

June 24, 2026 — AKVIS announces the release of Retoucher AI 13.0, featuring a new groundbreaking AI Object Removal mode powered by advanced artificial intelligence. Whether it's a photobomber, a pesky power line, or any other distracting element in your photo, one click removes it completely.

[AKVIS Retoucher AI](#) is the ultimate solution for photographers and photo enthusiasts looking to restore old and damaged photographs without hours of editing. This powerful software effectively removes scratches, spots, and other image imperfections, as well as eliminates unwanted objects from photos and enhances their overall composition.

[Version 13.0](#) introduces a new groundbreaking feature: [AI Object Removal](#) mode, powered by advanced artificial intelligence. Unlike traditional erasing tools, its smart algorithm doesn't just delete - it reconstructs the background and automatically fills in removed areas by analyzing the surrounding environment. This breakthrough technology makes removed objects vanish as if they never existed, providing stunning professional results.

Key Benefits of Retoucher AI 13.0:

- *Restore Old Photos* – Give a second chance to damaged family photos and historical images.
- *Smart AI Technology* – Edit smarter, faster, and easier with cutting-edge artificial intelligence.
- *Context-Aware Edits* – Get natural-looking results that preserve shadows, textures, and colors of the original image.
- *One-Click Defect Fix* – Automatically remove imperfections including scratches, spots, and dust.
- *Easy to Use* – Achieve professional restoration quality without extensive training.

Take your photo restoration to the next level with AKVIS Retoucher AI!

[Download AKVIS Retoucher AI 13.0](#) and try all features of the software during a 10-day trial period.

AKVIS Retoucher AI can be used as a standalone application and as a plugin filter for [AliveColors](#) by AKVIS, Adobe Photoshop, Corel PaintShop Pro, Affinity Photo, and other popular image processing programs. The software runs on Windows 10-11 64-bit, Mac 10.15 (Catalina) - 26 (Tahoe) 64-bit, and Linux (Debian/Ubuntu/Red Hat/CentOS/Fedora/openSUSE).

AKVIS Retoucher AI, *Home license*, sells for \$87.00, offering powerful tools to restore and enhance your images effortlessly. For those seeking even more capabilities, *Home Deluxe* and *Business* licenses provide advanced functionality, including the elegant Vignette effect and a comprehensive suite of additional retouching tools.

The update is free for users who bought the software in the last 12 months. Users with older licenses that are not valid for the new version can get Retoucher AI 13.0 for only \$19.95. For more details about the software, please visit akvis.com.

AKVIS (akvis.com) specializes in the development of photo & video processing software. Since the company's launch in 2004, it has released a wide selection of successful products for Windows and Mac. The company always keeps up with the times and updates its products with cutting-edge technologies.
