

AKVIS Sketch 28: More Creative Options for Photo-to-Sketch Conversion

January 14, 2025 – AKVIS announces a major update of AKVIS Sketch, the leading photo-to-sketch conversion program. Version 28 introduces new effect blending options, an updated library of textures, and other enhancements.

AKVIS Sketch is the leading photo-to-sketch conversion program. The software turns photos into drawings, generating lifelike pencil strokes. The program includes four conversion styles ([Classic](#), [Artistic](#), [Maestro](#), and [Multistyle](#)), each with an extensive range of presets, customizable settings, and additional creative features.

Due to amazing authentic results, flexibility, and plenty of settings, as well as the ability to use it as a plugin with image editors and as a standalone application, the software has earned recognition all over the world. The program is widely used by graphic enthusiasts, amateurs and professional artists, design and animation studios, movie and video game creators, web designers, and art school teachers.

The updated software will make the art creation process easier and more efficient.

Version 28 provides the advanced effect blending options for merging a result with an original, in all styles of Sketch. The updated library includes new professional-quality textures and patterns to highlight the personalization and uniqueness of artworks. Also, the update offers new presets, enhanced compatibility with the latest versions of supported OS, some interface improvements, support for the TGA format, fixed bugs and increased program stability.

[Download AKVIS Sketch 28](#) and try features during the 10-day trial period.

AKVIS Sketch is cross-platform and runs on Windows 7-11 (64-bit), macOS 10.12 Sierra - macOS 15 Sequoia (64-bit), and Linux (64-bit). The software offers a multi-language user interface.

The product can be used as a standalone application and as plugin for compatible graphics editors: [AliveColors](#) by AKVIS, Adobe Photoshop, Corel PaintShop Pro, Affinity Photo, ON1 Photo RAW, and other [image editing programs](#).

The product comes in lifetime licenses: Home (Classic and Artistic styles, either Plugin or Standalone, \$72), Home Deluxe (all styles, Plugin & Standalone, \$89), and Business (all styles, Plugin & Standalone for commercial use, \$169).

The update is free for users who bought or upgraded the software in the last 12 months. Users, whose licenses are older and are not valid for the new version, can get [AKVIS Sketch 28](#) for only \$14.95.
