AKVIS SmartMask AI 13: New AI-Powered Object Selection Tools!

October 7, 2024 — AKVIS is excited to announce the release of SmartMask AI 13! The new version uses artificial neural networks and machine learning technologies. The update also offers many improvements.

[AKVIS SmartMask AI](#) is an efficient object selection software that saves you time and is fun to use. The software allows users to quickly select objects and areas in an image and remove a background. Now the program includes the new AI-powered object selection tools. Take advantage of cutting-edge techniques!

[Version 13](#) integrates technologies of artificial intelligence and machine learning. The software includes two innovative selection features that use specially trained neural networks: the *Select Subject* filter and the *Object Selection* tool. The program analyzes an image and draws a selection. With the updated software, users can make precise and fast selections of objects.

In the program, it's possible to change an image background in seconds using the *Custom Background* feature. The update offers improved positioning of the background image and new parameters to adjust it.

[Download AKVIS SmartMask AI 13](#) and try all features of the software during the 10-day trial period.

The software is cross-platform and runs on Windows 7/8/8.1/10/11, macOS 10.12 (Sierra)- macOS 15 (Sequoia), and Linux - 64-bit. The program offers a multi-language user interface.

AKVIS SmartMask AI is available as a standalone application and plugin for [AliveColors](#) by AKVIS, Adobe Photoshop, Corel PaintShop Pro, and other compatible graphics editors.

The product comes in Home (either Plugin or Standalone, $ 69), Home Deluxe (Plugin & Standalone, $ 90), and Business (Plugin & Standalone for commercial use, $ 120) versions (lifetime licenses).

The update is free for users who bought the software in the last 12 months. Users, whose licenses are older and are not valid for the new version, can get SmartMask AI 13 for only $14.95.

For more details about the software, please visit [akvis.com](#).

AKVIS ([akvis.com](#)) specializes in the development of photo & video processing software. Since the company's launch in 2004, it has released a wide selection of successful multi-platform products. The company always keeps up with the times, updates its products with cutting-edge technologies, and launches innovative, inspiring products.
