

AKVIS SmartMask AI 15: Introducing the New Point Selection Tool

November 13, 2025 – AKVIS proudly presents AKVIS SmartMask AI 15, featuring the groundbreaking AI-based Point Selection tool for faster, flawless object selection. The new version also includes some bug fixes and performance optimizations, empowering users to create professional-quality selections with ease.

AKVIS SmartMask AI is an advanced object selection software designed to simplify editing workflows. Driven by cutting-edge artificial intelligence, it provides an array of intelligent tools and features developed to accurately select even the most complex objects and seamlessly remove backgrounds.

Version 15 unveils the innovative **Point Selection** tool based on an advanced neural network. This cutting-edge feature enables fast and precise selection of entire objects or their specific parts with minimal effort, enhancing precision and productivity.

What's more, the tool offers automatic selection refinement, ensuring clean, accurate edges and seamless results every time. This powerful innovation dramatically speeds up editing routines, empowering users to focus on creativity, not complexity. Unlock the power of smart selection!

In addition, AKVIS SmartMask AI 15 includes various bug fixes and performance optimizations, reflecting the company's ongoing commitment to delivering a reliable and seamless user experience.

AKVIS SmartMask AI 15 runs on Windows 10-11, macOS 10.15 (Catalina) - macOS 26 (Tahoe), and Linux (Debian/Ubuntu/Red Hat/CentOS/Fedora/openSUSE).

The software is available for download at akvis.com. The 10-day trial period allows users to try all features without registration.

The program offers a multilingual interface, supporting English, German, French, Spanish, Portuguese, Italian, Russian, Japanese, and Simplified Chinese. Users can easily switch the interface language in the program's preferences.

The software can be used as a standalone application and plugin for compatible graphics editors: **AliveColors** by AKVIS, Adobe Photoshop, Corel PaintShop Pro, and others.

The product comes in lifetime licenses: Home (either Plugin or Standalone, \$ 69), Home Deluxe (Plugin & Standalone, \$ 90), and Business (Plugin & Standalone for commercial use, \$ 120). The update is free for users who bought the software in the last 12 months. Users, whose licenses are older and are not valid for the new version, can get AKVIS SmartMask AI 15 for only \$14.95.
