

Visual Effects for Video: Update of 7 Programs by AKVIS

July 3, 2025 – AKVIS announces 2025 update of its video editing programs: AirBrush Video 1.7, Charcoal Video 1.1, Neon Video 1.3, OilPaint Video 1.1, Sketch Video 6.1, Stencil Video 1.1, Watercolor Video 1.1. The new versions provide optimized performance, improved stability and compatibility of the plugins.

AKVIS offers a wide range of [video processing programs](#) that allow users to apply captivating visual effects to videos. These are plugins to video editing programs, which significantly expand the capabilities of video editors. All of them allow one to stylize videos in a certain artistic style, imitate the drawing or painting techniques. Create bright animations and stylized videos! Turn your videos into cartoons!

[AKVIS AirBrush Video 1.7](#) turns videos into spectacular animated cartoons with airbrush drawing effects. [AKVIS Charcoal Video 1.1](#) makes videos look like drawn with charcoal and chalk. [AKVIS Neon Video 1.3](#) converts videos into standout animations that look like drawn with luminous paint. [AKVIS OilPaint Video 1.1](#) allows users to apply the oil painting technique to videos and sequences. [AKVIS Sketch Video 6.1](#) turn videos into animated cartoons that look like drawn with pencils. The software includes three filters: Sketch Video Classic, Sketch Video Artistic, and Sketch Video Esquisse. [AKVIS Stencil Video 1.1](#) transforms videos into dramatic animations using the stencil drawing effect. [AKVIS Watercolor Video 1.1](#) applies the watercolor painting technique to videos. The software includes two filters: Classic Watercolor and Contour Watercolor.

Every plugin comes with dozens of presets and fully customizable effects for creating engaging and attention-grabbing video content.

The update optimizes performance, improves stability and compatibility of the plugins. Create animations with awesome visual effects! Make your videos standout!

Free trial versions are available for download at akvis.com.

All the programs are cross-platform and run on Windows 7-11 (32/64-bit), macOS 10.12 Sierra - macOS 15 Sequoia (64-bit), and Linux (64-bit).

The plugins work with Adobe After Effects, Adobe Premiere Pro, Adobe Premiere Elements, DaVinci Resolve, Vegas Pro, EDIUS Pro 9, and with the Natron free video editor.

Customers who bought or upgraded their licenses during the last 12 months get free updates. Users whose licenses are older and are not valid for the latest versions can update each program for \$14.95 or all products at once for only \$39.95.

The programs can be purchased as separate products at prices starting from \$49 or all together in the [AKVIS Video Bundle](#) with a 30% discount. The products are available in Home and Pro versions with different levels of functionality.

Access the full library of post-production, professional quality filters by AKVIS at akvis.com.
