

## New Frame Pack – Overlay Effects II: Blend Your Photos with Lovely Frames!

*July 11, 2022 – AKVIS announces a launch of Overlay Effects II, a new frame pack with one hundred exclusive templates for photo decorating, and an update of the free Frames program to version 7.2. All AKVIS frame templates are created by professional artists and illustrators for use with this program.*

AKVIS extends the series of frame collections and launches a new pack of templates. The frames allow you to easily decorate photographs and create eye-catching digital compositions and collages.

New **Overlay Effects II** pack includes **100 decorative templates**, ready-to-use and professional-level designs, in both landscape and portrait modes. With a wide range of beautiful multipurpose patterns in this collection, it's easy to get inspired and quickly add artistic effects to images.

The new pack comes in handy to frame your treasured memories and create unique photo-based memorabilia or heartwarming keepsakes. This collection of designer-crafted frames featuring ethnic ornaments, floral patterns, animalistic motifs and creative painterly borders makes it easy to embrace your artistic side and give your images an elegant personal touch.

The **Overlay Effects II** pack is a sequel and complement of the first collection of **Overlay Effects**. You can use both sets or choose one of them. The new pack offers plenty of options when it comes to design. These adorable templates allow you to customize the appearance of your most-loved photos to make them look tender, cute, or simply breathtaking!

**AKVIS Frames** is a free photo editing program designed for use with the AKVIS frame packs. **Version 7.2** offers the improved processing of transparent templates and bugs fixes.

The AKVIS products can be used on Windows 7, 8, 8.1, 10, 11; macOS 10.12-12.0.

The **new pack** sells for \$19.00. All 75 themed frame packs by AKVIS are available in a **bundle** for \$380, an average of \$5 per pack. AKVIS Frames 7.2 is available free of charge at [akvis.com](https://www.akvis.com).

AKVIS ([akvis.com](https://www.akvis.com)) specializes in the development of photo and video processing software. Since the company's launch in 2004, it has released a wide selection of successful products for Windows and Mac. The company always keeps up with the times and updates its products with cutting-edge technologies.
