

## Tropical Frames: Colorful Journey to a Nature's Paradise!

*June 7, 2018 – AKVIS announces the brand new Tropical Pack inspired by the unique equatorial flora and fauna. The set includes 100 ready to use frames created by professional artists, 50 horizontal and 50 vertical templates.*

AKVIS has released a new set of frames - the **Tropical Pack**, designed exclusively for use in **AKVIS Frames** (freeware) and **AKVIS ArtSuite** (Standalone version).

If there is a paradise on earth, it is somewhere in the tropics. Amazonia, the Caribbean, Africa, South India, Southeast Asia, or any other tropical region are not only a fabulous vacation destination, but also home to countless species of flora and fauna, many of which are not found elsewhere in the world. The unique climate with distinctive wet and dry seasons, dense evergreen forests, pristine lakes as well as the brilliant equatorial sun make possible a huge variety of exotic fruits, flowers, wildlife, and sea creatures.

The **Tropical Pack** by AKVIS is decorated with exotic plants (palm leaves, plumeria, hibiscus, orchids), juicy fruits (dragon fruit, coconut, pineapple, papaya, mango), and wild animals (tigers, parrots, tropical fishes, flamingos, butterflies). Using these colorful designs, you can make your vacation photos even more memorable!

See the frame miniatures at [akvis.com](http://akvis.com).

AKVIS offers a wide range of [themed pack sets](#) for any occasion: [Holidays and Events](#), [Hobbies and Interests](#), [Four Seasons](#), etc. The frame packs have a broad application spectrum and meet the needs of both professional designers and amateurs.

To use AKVIS frame packs, you need to have installed one of following programs: [AKVIS Frames](#) (available for free) or [AKVIS ArtSuite](#) (10-day free trial download).

The AKVIS products run on Windows XP, Vista, 7, 8, 8.1, 10; Mac OS X 10.7-10.11 and macOS 10.12-10.13.

The new **Tropical Pack** sells for \$17.

**AKVIS** ([akvis.com](http://akvis.com)) specializes in development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products for Windows and Mac.
