

ENJOY CHRISTMAS LIGHTS ON YOUR PHOTOS WITH NEW AKVIS NEON 1.0 SOFTWARE!

December 10, 2014 — AKVIS makes a great gift to their fans with the release of the new software product AKVIS Neon 1.0 on the eve of the winter holidays. The new program creates impressive glowing lines effects, transforms photos into shining drawings.

The new **[AKVIS Neon](#)** software is available for download!

The program turns a photo into a drawing created with glowing lines. It brings outstanding visual effects to images making them look like painted with light.

With Neon you can easily transform an ordinary photo into a gorgeous drawing. The magical glow effects make your festive images even more exciting and joyful. The program will inspire you and help to prepare sparkling Christmas and New Year cards and invitations.

Using the software you can create a glowing image, a dramatic landscape or an extraordinary portrait, or just slightly outline edges making a picture more interesting and expressive.

The program is useful for designing posters and flyers. A luminous image will draw attention and increase the attractiveness of a product. You can make beautiful luminous backgrounds, abstract paintings, spectacular illustrations for a photo book.

The software does not require any special skills, it is easy to learn and apply. It provides a collection of ready-to-use presets which help you quickly create a huge variety of incredible effects.

[Download AKVIS Neon 1.0](#) and try all features of the software during the 10-day trial period.

The new product is available as a standalone program and as a plugin filter for Adobe Photoshop and other image editors.

The software runs on Windows XP/Vista/Win7/Win 8 and on Mac OS X 10.6-10.10.

AKVIS Neon, Home license, sells for \$39 or €29. [Consult the official website](#) for more information about license types, versions, and prices of the software. The loyal AKVIS customers get discounts on the new software.

AKVIS ([akvis.com](#)) specializes in development of image processing software and scientific research. The company was founded in 2004 by IT professionals having considerable experience in programming and software development. Since then the company has released a number of successful programs.

The new product has entered into the [AKVIS Alchemy All-in-One Bundle](#) that now offers all 23 AKVIS programs with the 60% discount.
