

AKVIS SKETCH 19: PENCIL DRAWINGS FROM PHOTOS. NEW EFFECTS & SETTINGS!

January 30, 2017 — AKVIS announces the release of AKVIS Sketch V.19 for Windows and Mac OS X. The new version offers additional parameters and tool settings, new presets, enhanced compatibility with CC 2017, bug fixes, and other changes.

AKVIS is happy to announce the major release of **AKVIS Sketch 19**, the number one photo to drawing conversion software. If you've always wanted to draw but just never got around to it, try Sketch - it allows you to feel like a real artist!

The software provides an endless source of artistic inspiration. Using AKVIS Sketch, you can imitate the technique of graphite or color pencil, charcoal or watercolor painting or even seamlessly combine photography and drawing to bring a fresh viewpoint into ordinary scenes. The program offers the choice between two conversion styles: **Classic** and **Artistic**, which help to generate a huge variety of effects.

Version 19 offers new effects and settings giving your drawings an even more life-like appearance! Also, the new version provides an updated list of built-in presets, an optimized interface, enhanced compatibility with Photoshop CC 2017, minor bug fixes, and other improvements. Discover the wonderful world of digital art!

In Version 19:

- **New Effects**

The new version includes additional parameters (Shadows, Noise, and Contrast) giving users even more control over the effect.

- **New AKVIS Presets**

Sketch 19 offers new ready-to-use presets demonstrating the extended functionality. Achieve great results without great efforts!

- **Advanced Pencil Settings**

The **Pencil** tool got equipped with the new features and capabilities. Now you can flexibly customize the appearance and behavior of drawn strokes making them look much more natural!

- **Full Compatibility with CC 2017**

The plugin version is fully compatible with Photoshop CC 2017.

- **And other changes.**

[Download AKVIS Sketch 19!](#) For a free trial, AKVIS offers 10 days of fully functional use.

The software runs on Windows XP, Vista, 7, 8, 8.1, 10; and on Mac OS X 10.7-10.12; both 32- and 64-bit operating systems. The product is available as a standalone application and as a plugin filter for Adobe Photoshop, Corel PaintShop Pro, and other image editors.

AKVIS Sketch Home license sells for \$72, Deluxe license for \$ 89, Business license for \$ 154. One license key allows activating and using the software on two computers. Consult the official website akvis.com for more details.

It is a free upgrade for recent buyers as well for those who bought 1 Year of Updates during the last 12 months! Users, whose license is not valid for the new version, can get Sketch 19 for only \$14.95.

AKVIS (akvis.com) specializes in development of video and image processing software. Since the company's launch in 2004, it has released a number of successful products: standalone applications and Photoshop plugins for Windows and Mac.
